## EDUCATION

### Pak-Austria

Software Engineering  
2022 - 2026

### Higher Education

Computer Science  
2020-2022

## SKILLS

- React Native
- Full Stack Developer
- Machine Learning
- My SQL
- Database Managment
- python/C++
- Hugging Face model deployment
- Ai Prompt Engineering

## PERSONAL SKILLS

- Problem Solver and fast learner
- Creative and Critical Thinking

## LANGUAGE

- English Fluent

## SUMMARY

Passionate Software Engineer focused on building innovative, user-friendly, and impactful digital solutions with experience in web, mobile, and AI-based applications.

## WORK EXPERIENCE

### Senoir Mobile App Developer

Bitbuilt

June 2023-Oct 2024

- Building scalable software solutions with real-world impact — from modern web platforms to AI-powered mobile applications like Plant Disease Detection systems for smart farming

### Full Stack Developer

At Brain X ltd abbt

January 2022to December 2022

- Skilled in both frontend and backend technologies, with a focus on building scalable, efficient, and user-friendly systems.
- Experienced in working on client-based requirements, integrating APIs, and delivering end-to-end solutions.

### Machine Learning

Clients Requirments

- Experienced in developing and training custom machine learning models tailored to client requirements, delivering intelligent and practical AI solutions for real-world applications.
- Model training and Deployment

## PROJECTS

### Built and Developed

- AI based Crop Disease Detection for Farmer
- Disaster Detection Using Ai for Gilgit
- Solar plates Defect detecion Using Ai and Machine Learing
- Wesbites And Softwares For the Clients
